Dr Charles Pantin:

Although I have now retired as a consultant physician at the local hospital, I continue to teach medical students as I have done since the foundation of Keele Medical School. I am chairman of Penkhull Residents Association, which gives me the opportunity to support the community in which I live. These two aspects of my life make me want to see Thistley Hough Academy become an outstanding school that is part of the Penkhull community. As a governor I aim to support strong leadership and quality teaching in the school and close working links with the village community both inside and outside the school.
