Dear Parents/Guardians and Year 10 pupils

Stoke-on-Trent 0-19 Integrated Health Visiting and School Nursing Service will be offering every high school an assembly to discuss health needs in this academic year.

It's recognised that as part of the National Healthy Child Programme children's and young people's health needs are prioritised at key points. Increasing independence and school years are seen as an important time to think about any health concerns or worries and signpost young people to any support that they may need at this time.

Additionally, this is an opportunity for your young people to start to take responsibility for their own health in readiness for the years ahead.

Parents - If you have any questions regarding this event or if you have any concerns regarding your son's or daughter's health please do not hesitate to contact the Stoke 0-19 Hub on 0808 178 3374 which is staffed from Monday-Friday 9am-5pm.

Young People - We also have a text messaging service for young people called Chathealth and the number is 07520615723, but you can call the Hub too.
