Dear Parents/Carers,

Year 11 Study and Revision Information

I am writing to express how impressed we are with our Year 11 students during this examination season. Their attendance has been outstanding, and their dedication and hard work are truly commendable.

We are aware that other schools in the city may be allowing students to continue their studies at home during this time. However, we are committed to providing high-quality revision sessions in school to support our students to ensure the best possible outcomes on that all-important results day in August. Therefore, our Year 11 students will continue with their studies and revision in school. We will be in touch with a confirmed leaving date following the half term break.

We believe that this approach offers the most benefit to our students, providing them with structured learning environments and access to subject specialists. Even if students do not have an exam on a particular day, we expect them to attend school as we are offering drop down revision days. These sessions are designed to provide intensive support and preparation in various subjects, giving our students the best possible advantage.

In addition, we urge you to continue to keep your children focused and motivated at home. Your support is crucial in helping them stay on track and maintain their momentum during this important period. Remind them that the summer holidays are not far away, and all their hard work now, will pay off when they receive their results in August.

Thank you for your continued support during this critical period. We are confident that with the continued efforts of our students, the support of our dedicated staff, and the encouragement from you as parents/carers, your child will achieve the excellent results that they deserve in the summer.

Kind regards

Noel Kennedy
Principal
